

Hello Again Ballard Families-

Below is the same map that you received earlier but it actually shows where the “new” main entrance to the middle school is. If you need to visit the middle school for any reason, this is the entrance you will use. Inside the door there will be a buzzer that you can push that will notify staff and you will be buzzed in. The main office area is labeled on the map with an “M.O.”.

The visitor parking that is labeled on the south side of the map will only be used by people who wish to visit the District Administration office (Superintendent’s office). You will not be able to access the middle school from this entrance.

Have a wonderful day!

Tom Maher  
Middle School Principal
