

CAMBRIDGE ELEMENTARY CENTER

One hundred sixty-two students were enrolled in the Cambridge Elementary School during the year. Moving the high school and junior high school students to Huxley gave ample room to operate separate elementary grades, kindergarten through sixth. Mr. Berhow and his capable staff were instrumental in organizing and carrying out a fine elementary program that has received commendation from the Cambridge area. The rich program offered in the newly redecorated and equipped building has made rapid strides the past year, academically. The school has been able to have organized physical and vocal music each day. A fine school operetta was staged and instrumental lessons were given one day each week. The Cambridge School enjoyed the Ballard elementary athletic program.
