

## Conditions for Learning Student Survey (Spring 2024)

### DIRECTIONS:

This survey asks questions about your experiences in school. All your answers are confidential, and the survey results will not be reported in a way that will make your answers available to anyone else.

Read the introduction before each section and the questions carefully. In this survey, there are no right or wrong answers, and it is important that you give your honest opinion.

If you have difficulty answering a question, go on to the next one - you can always come back. If you prefer not to answer a question, don't understand a question, or can't answer a question truthfully, leave it blank. You can ask your teacher for help if you don't understand a word or what the question is asking.

Once you click the SUBMIT button at the end of the survey, your responses are saved, and you cannot go back to change them.

Your answers to these questions should be based on things that have happened this school year, while at school or at a school event.
